Subscription \$2.00

Alberta's Social Credit Cabinet Ministers

The World's first Social Credit cabinet took over the administration of the province early last week. Front row, left to right: Hon. Dr. W. W. Cross, minister of health; Hon. J. W. Huggill, K.C., attorney-general; Hon. E. C. Manning, provincial secretary; Premier Aberhart. Back row, left to right: Hon. C. Cockroft, provincial treasurer, and minister of municipal affairs; Hon. W. A. Fallow, minister of public works, railways and telephones; Hon. W. N. Chant, minister of agriculture, trade and industry; Hon. C. C. Ross, minister of lands and mines.

September Session Royal Councillors

Applications for Relief Considered; Adjustment of Assessment Made on Searle Grain Elevator at Ensign

All councillors of the municipal district of Royal assembled for the September session of the council in the office of the municipality at Vulcan on Saturday evening. Fred Bennett, reeve, was in the chair. A number of accounts and pay sheets were read. These were ordered paid on a motion by Councillor Gordon.

Letters for the application of relief were read. These were considered and tabled. Moved by Councillor Spaeth that D. McClement receive relief to the extent of \$10.00 for the month of September. Motion carried.

Letter was read from the Searle Grain Company with regard to the assessment on the company's elevator at Ensign. Moved by Councillor Gordon that the assessment on the elevator be adjusted to conform with a 45,000 bushel elevator and that the assessed value of the property be set at \$6,930.00. Motion carried.

An application was received from A. J. Flood for consolidation agreement on the arrears of taxes on West half section 26-16-25. The application was considered by the council, not granted. Moved by Councillor Spaeth that the arrears of taxes on West-26-16-25 and on N.W. 36-16-25 be investigated by the council. Motion carried.

Moved by Councillor Spaeth that the secretary be instructed to get in touch with various audit firms for the purpose of obtaining prices for a investigation and general audit. Motion carried.

Moved by Reeve Bennett that the secretary deposit all receipts of the municipality in the bank daily in accordance with instructions set forth in the Municipal Districts Act. Motion carried.

WEATHER and CROPS

Weather during the past week with the exception of one day has been ideal for the harvest operations in the Vulcan district. This one day was last Thursday when rain fell throughout the territory. However, the delay was brief and Friday dawned bright and combines, threshers and binders were quickly put to work again. The harvesting is advancing rapidly under these good conditions. Threshing rigs are now being put into operation, and this week end should see threshing general in the district. Grain deliveries are rapidly increasing at the elevator row every day. Grades still continue excellent in the immediate Vulcan territory, and many splendid yields are being reported.

Vulcan Town Council Adopt Tax Consolidation for 1935

Tax Consolidation Passed in By-law No. 69; Given Three Readings and Passed at Monthly Meeting

A by-law No. 69, pursuant to the local Tax Arrears Consolidation Act of 1935, introduced at the August meeting of the Vulcan Town Council, was given three readings and passed at the September meeting of the council held on Friday evening last. Motion that the by-law be given three readings on the evening of the meeting was made by Councillor Allan. The motion carried. The first reading was given on motion by Councillor Arney, the second reading was moved by Councillor Dobbs and the third and last reading by Councillor Allan. The by-law reads, as follows: Under the authority and subject to provisions of an Act to provide for the consolidation and payment of installment of certain local taxes, being Chapter 53, Statutes of Alberta, 1935, the council of the Town of Vulcan hereby enact the provisions of the Local Tax Arrears Consolidation Act, 1935, shall be in force in this municipality during the year 1935.

Mayor King was in the chair for this meeting, the regular meeting postponed from September 3rd. Councillors Jamison and Ulrich were absent.

A number of routine bills were presented and passed for payment on motion made by Councillor Dobbs.

The council considered the sale of the front of lots 23 and 24, block 2. Value for sale was set at this meeting.

SCOTS LOVE IT

Scotsmen of Vulcan are heading for Dyce Allan's store these days.

No folks do not get the wrong impression. Dyce has not broke down and bought a bottle of the national drink. But he has received a box of Scotland's national flower, a box of beautiful heather. And the natives of the land have been trooping to the store to fondly gaze at the purple blossom, each with expression of memories of the home land on their face. With kindly heart Dyce presented a sprig to the editor. This brings the Scotch blood to the surface and we offer thanks. Every year Dyce receives some heather from relatives in Scotland.

SAYINGS OF VULCAN MEN—

Guy Denbigh says that Premier R. B. Bennett's proposal to retire all men 65 years and over would present a wonderful opportunity to clean-up the Senate.

PAY YOUR SUBSCRIPTIONS TO THE ADVOCATE WITH WHEAT

In the advertising columns of The Advocate this week, announcement is made of the annual offer of the payment of subscriptions with wheat. Every harvest season this offer is made, for a limited time only. Arrears, renewals and new subscriptions are accepted on this plan to legitimate farmers anywhere in Alberta and Saskatchewan. Turn to page four of this issue right now and learn about this offer—then take advantage, have your grain buyer make out a storage ticket in favor of The Vulcan Advocate for the necessary number of bushels.

Berrywater U. F. W. A. Hear From Organizer

Members of the Berrywater U.F.W.A. met at the home of Mrs. Clifford Love on Wednesday, September 11th, Mrs. Arney presiding in the absence of the president. After the singing of a harvest hymn, and the usual routine business, a letter was read from Mrs. C. Myers, who as Miss Archibald before her marriage, organized the Berrywater local in 1919. She could not be traced in time for the sixteenth re-union anniversary meeting, held in July. The letter read was of great interest to the members.

Members sent greetings and good wishes to Mrs. Douglas Sr. of Berrywater, one of the first group members, on the occasion of her 80th birthday on September 5th.

A very interesting and instructive paper was read on cheese, its origin, its many varieties and uses in this and other countries, was delivered by Mrs. L. A. Douglas, and much enjoyed by the members and visitors present. At the close of the meeting the hostess served a delicious luncheon.

Members are hereby notified that the next meeting will be held at the home of Mrs. N. Campbell on September 25th, when a good attendance is anticipated.

HOSPITAL NOTES

Joe Smith is a patient in the Vulcan Municipal hospital. Lloyd Brown is resting nicely following an operation for appendicitis. Mrs. F. J. Mensinger is a patient and is resting nicely. Orville Roe, a patient of the hospital a week or so ago has returned for a few days for further treatment. Marjorie Dusquene was a patient a few days this week, undergoing an operation for removal of tonsils.

Vulcan Flour Mill Opened For District Trade 10 Years

Town Industry Owned by Mr. S. Weigh Celebrate Anniversary

Another anniversary is being celebrated this month. September seems to be a month of anniversaries in Vulcan. This month the twenty-fifth anniversary of the establishment of the Vulcan post office is being celebrated, along with this is another anniversary, that of an equal important Vulcan establishment in its own line. That of a Vulcan industry—the Vulcan Flour Mill, manufacturers of bran, shorts and numerous cakefast foods. This business, owned and operated by Mr. S. Weigh, was established in town just ten years.

Mr. Weigh came to Vulcan in the spring of 1925, after selling out milling interests at Estevan, Sask., and work was started on the building of the mills in the vicinity of the elevator line. The building completed, the milling machinery was placed into position late in the summer. First delivery of wheat to the mill for flour making was made during the week of August 19th that year. Since the time of the first delivery month after month, year after year, Mr. Weigh has built up a business of great importance to the Vulcan district. He has from time to time made added improvements to the establishment as the increase of trade demanded, and has kept pace with the milling industry with additions in the way of new machinery. Hundreds of dollars have been spent on these improvements. The flour and other products manufactured by the mill have always been of the highest quality, measuring up to trade names known Dominion wide. The products have become known throughout every community in southern Alberta, and Pantry Queen flour, the trade name of the Vulcan flour, is a brand often asked for in every town in the territory where the baking excellence of the flour is known. Housewives have been quick to note this baking excellence.

Business of the Vulcan Flour Mill has increased until some 2,200 regular customers make transactions. Some of these customers have come as far as 100 miles to have their wheat ground into flour for home consumption. Great savings have been made by these customers. Mr. Weigh tells of all these things and various other things pertaining to the mill in a half-page advertisement that appears in this issue of The Advocate. He also tells of this fall offer for the milling of wheat in this advertisement.

Looking back over the files of The Advocate discloses many interesting items about the opening of the mill ten years ago. Mr. Frank Shaw made the first delivery of wheat. Mr. Wm. Peterson made the first purchase of flour, probably made from this first delivery of wheat. He was followed by Wm. Walker and Mr. T. B. Lebeau as early purchasers.

Speaking of this season's wheat crop, Mr. Weigh says that during his thirty-five years of milling experience in different countries, he has never milled with wheat of such good quality that is to be harvested this year in the Vulcan district.

LOCAL ITEMS

The date on the label with your name tells if you are in arrears for subscription to The Advocate. If you are, now is the time to square up. Pay your subscription with wheat.

Mrs. F. Lyons has returned to her home in Vancouver, B.C. after visiting in the district with her brother, P. Storey, and her sister, Mrs. Dowling, for the past month.

Mrs. F. Lent has returned to her home in the Vulcan district after an extended trip to various points in Nova Scotia.

Murray Saunders of Calgary, Grand Master of the Alberta Grand Lodge, L.O.O.F. was a Vulcan visitor on Friday last. His was a business visit to town and no official visit was made to the Samaritan lodge.

The two Kennedy boys, Al and Jim (not related), made a flying trip to Calgary on Monday. When this was written they had not yet returned, and no report of the outing was on hand. The combination probably will yield a column item for next week with a black streamer heading.

Statement Reveals Town Finances Excellent

Tax Collections Very Slow During Month of August; Receipts for Month Total \$453.59; Finances Good With Balance Standing at \$10,077.37

Finances of the Town of Vulcan were still revealed to be in excellent condition by the statement of receipts and payments presented to the councillors at the September council meeting held Friday evening, despite the fact that tax collections were at a low ebb during the month. Receipts for the month totalled only \$453.59 the statement showed, bringing the grand total of the receipts for the year up to date of August 31st to \$12,339.51. Payments for the month totalled \$2,520.14. However the cash book balance stood at \$10,077.37, an excellent substantial fund for a town to have in these trying times. Every month this year the statements presented the councillors have revealed this excellent financial condition, a credit to Mayor King and his co-workers for their town government.

The receipt column on the statement for August, showed tax collections, as follows: Town \$113.29, Business \$42.60, School \$142.68, Supplementary Revenue \$4.03; Hospital \$14.52. Tax consolidation totalled \$73.81. Numerous small items made up the total of receipts.

Chief of the payments was expenditure for public works. This item included \$788.32 for materials and \$311.71 for labor. Another large item was the payment of Vulcan school district requisition, being \$500.00. The next largest payment was that of supplementary revenue, being \$211.79. Other payments included items of routine expenditure, such as salaries, street lighting, police, cemetery, fire hall, etc.

Former District Farmer Dies in British Guiana

Samuel E. Taylor Homesteaded Near Town in the Early Days

Word was received in Vulcan on Tuesday by Mr. C. B. Shimp of the death of Samuel E. Taylor, aged 46 years, resident of Georgetown, British Guiana, former resident of the Vulcan district. He was well known here by the old timers, having homesteaded near Vulcan in the early days. Air mail was the means used for the transportation of the sad news to Vulcan. The message read, as follows: "We regret very much to inform you that Mr. Samuel E. Taylor died on August 27th at 11 a.m. at the Tessawini Mining Concession, Barama River, north west district in this colony. The cause of his death was malaria. He had been sick for only a few days previously suffering a sudden relapse and becoming unconscious, from which he never recovered. He was buried in the cemetery on the Concession the following day, Wednesday, August 28th, at noon." The letter is written on the office stationery of the office of the deceased and is signed by members of the staff. It concludes by saying, "We are writing you asking if you will be kind enough to notify any other of his friends in the Vulcan district, whom you know." Mr. Shimp handed the letter to The Advocate so that this news might be conveyed.

Mr. Taylor was a naturalized Canadian and a native of Pella, Iowa. He went to British Guiana four years ago to promote Hinterland development companies. He was a Freemason and a member of the Florida Grand Lodge.

LOCAL ITEMS

Look at label on your Advocate. Are you in arrears? If you are take advantage of the offer for the payment by wheat.

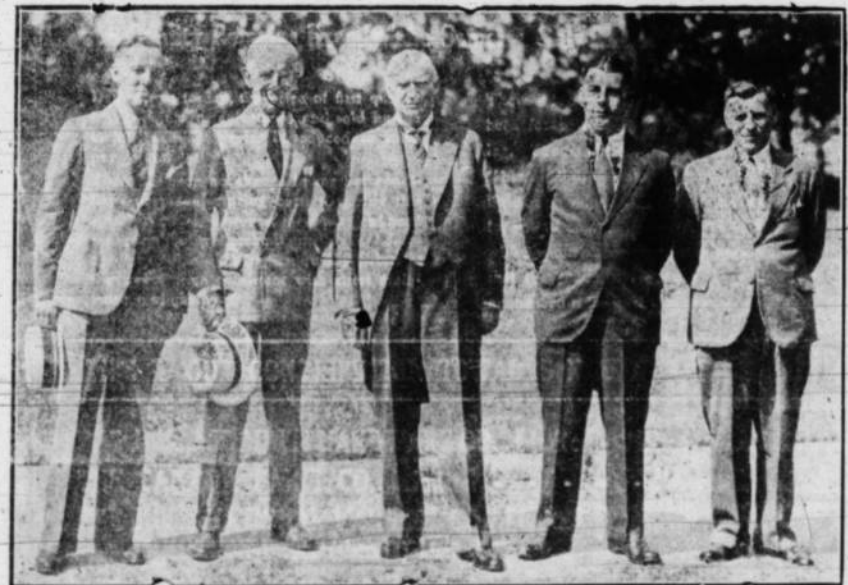

Mr. and Mrs. John Carruthers returned to their home in Vulcan on Tuesday morning's train from a holiday trip to Vancouver and Victoria.

Mr. and Mrs. A. P. Tisdale of Detroit, Mich., visited during the past week at the home of Mr. and Mrs. G. E. Pettman. Together they made a holiday week end journey to Banff. The visitors returned on their homeward journey on Monday.

Mr. and Mrs. F. Herman and Jack Herman of Culver City, California, have been Vulcan visitors for the past week at the home of Mr. and Mrs. Charles Ottewill. They left for the homeward journey on Monday, making the trip by way of Banff and the Pacific Coast. They were accompanied by Miss Dorothy Ottewill, who will visit in Culver City for several months.

F. M. Anderson was the victim of a painful accident on Thursday afternoon last during business hours in the store. He fell over a chair that was caught in the furnace register in the floor, hitting his right shoulder heavily on the floor. The shoulder was dislocated, and now Fred is nursing the arm in a sling, and is taking an unrelenting holiday leave from his business.

New Dominion Cabinet Ministers

In jovial mood, Premier Bennett faces the camera to introduce four newly appointed Ministers. From left to right: Honourable J. Earl Lawson, K.C., Minister of National Revenue; the Honourable Reginald Garry, K.C., Minister of Justice; the Prime Minister; the Honourable William Gordon Ernst, K.C., Minister of Fisheries, and the Honourable Samuel Gobeil, Postmaster General. The photograph was taken on Parliament Hill, just after the new ministers had attended their first Cabinet Council.

87½¢

● MINIMUM WHEAT PRICE

Not 40c

The grain growers of Western Canada who have closely followed the wheat situation in Canada over the past few months will realize the advantage of having strong co-operative marketing organizations in the grain business.

A reasonable minimum price has been fixed for wheat by the Wheat Board.

"WATCH THE FORDS GO BY"

LETTER TO THE EDITOR

Just Crazy—That's All

Reid Hill, Alberta

To the Editor,
The Vulcan Advocate

Dear Sir:

I am afraid too many of these people on relief, finding it so easy, are getting the attitude that the government is going to continue to be an easy mark. And that they can take their relief pay just as though they had a right to it. I am afraid that too many of them are being educated to this state of mind, but they are just crazy, that's all. However, this does not keep them from being dangerous to the balance of the people who intend to work and intend to find something to do in spite of everything. We may be a little like the passenger up in the airplane when the pilot began to laugh hysterically—"What's so funny?" asked the passenger. "I'm thinking of what they'll say at the asylum when they find out that I have escaped," answered the pilot, still laughing.

Yours truly

—A REID HILL FARMER

Subscriber Thinks of the Editor

Vulcan, Alta.

To the Editor
The Vulcan Advocate
Mr. Editor:

Attention has been brought to me that you, as the Editor of The Vulcan Advocate, are being annoyed by some of your subscribers who are so careless about moving away, not only without permission, but without letting you know where to send the paper on to. Some, I presume, are equally inconsiderate about dying, much to my regret. Now, Mr. Editor, I would not be as heartless enough to absolutely forbid it, but I would say that ordinary courtesy would dictate that the subscriber would either give you prior notice of his intentions to die, or notify you as soon afterwards as possible the directions as to where to send the Advocate.

This might make it necessary that you get out an edition printed on asbestos. So would any subscribers please give the editor plenty of notice as to his intentions, as it takes time to get this material on hand for printing.

Thinking of you.

—Local Subscriber in a Humorous Mood.

FAVORS BENNETT
BY ACCLAMATION

Premier William Aberhart, prior to leaving for Ottawa to arrange for the \$18,000,000 loan for the province, released a statement to the "News of the Air" and to the press, favoring the election of Prime Minister Bennett by acclamation. According to report, Premier Aberhart felt that the best minds should be selected for parliament. He considered Prime Minister Bennett, by virtue of his ability and efforts, might well be given acclamation, and so far as he (Mr. Aberhart) is concerned, he does not expect to enter any Social Credit opposition in the West Calgary field.

Hon. Ernest Manning when interviewed by the Albertan, stated that the question of running Social Credit candidates in other federal constituencies was entirely a matter for the federal constituency associations. It is expected that procedure will be somewhat similar to the provincial nominations when three nominees may be chosen, from which a final selection would be made.

ANNOUNCES 87½ CENT
MINIMUM WHEAT PRICE

Hon. R. B. Bennett

Premier of Canada, who announced the cheering news that the minimum wheat price for the current season as set by the Wheat Board was 87½ cts. per bushel at the conclusion of his Friday night's broadcast over a nation-wide hookup.

GRASSHOPPERS
STILL IN EVIDENCE

A late hatching of grasshoppers is reported over different parts of the province, and even in this district, the cutting of grain has disclosed a startling number of hoppers, many of no small proportions. The opinion is that not sufficient bait was put out early in the season and the unusually late hatch developed after the grain was well up.

It had been expected that the hopper cycle was pretty well over, but farmers in affected areas are urged to guard against any 1936 outbreak. One plan is to cultivate as soon as possible to assist in destruction of eggs already laid, and to give fields a loose surface. It is stated that egg pods are found one inch below the surface of the ground, and if these pods are exposed to sun and wind, or are buried deeply, they will be destroyed.

PAINT PRICES ARE
BEING REDUCED

Good news for those who wish to paint up their buildings!

A sharp reduction in the price of first quality house paint to \$3.95 per gallon is announced by the manufacturers of some of Canada's best known brands of paint, the reduction to take effect immediately.

The companies announcing the reduction are Canada Paint, International Varnish, Martin-Senour and Sherwin-Williams.

In making the announcement, the companies concerned state that the reduction is not justified by any change in market conditions or manufacturing costs. They point out, however, that during the past few years many householders have been misled by "bargain" prices into using inferior paint with results that reflected unfavorably on the whole industry. Drastic action was felt to be necessary to check a situation that seriously threatened property values all over the country.

The new low price is designed to make it easier for property owners to use first quality paint only, with resulting benefit to the property and to the community in general.

TRAVEL BY BUS

TRAVEL — Imperial Hotel, agents for the Central Canadian Greyhound Lines. Fares quoted to all points in Canada and United States Low Excursion Rates. Sample rate Vulcan to Los Angeles and Return \$47.90.

LEGAL NOTICES

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Public Building, Peace River, Alta." will be received until 2 o'clock noon (daylight saving), Saturday, September 28, 1935, for the erection and completion of a Public Building at Peace River, Alberta.

Plans and specifications can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, the Resident Architect, Asst. Receiver General's Bldg., Calgary, Alberta; the Caretaker, Post Office Building, Edmonton, Alberta; and at the Post Office, Peace River, Alberta.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada, payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent. of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

NOTE—The Department, through the Chief Architect's office, will supply blue prints and specification of the work on deposit of a sum of \$15.00, in the form of a certified bank cheque payable to the order of the Minister of Public Works. The deposit will be released on return of the blue prints and specification within a month from the date of reception of tenders, if not returned within that period the deposit will be forfeited.

By order,

N. DESJARDINS,
SecretaryDepartment of Public Works,
Ottawa, September 7, 1935.

The Vulcan Flour Mill 10th Anniversary

TEN years have passed since The Vulcan Flour Mill opened. During this time the mill has been giving continuous service. We have had years that the names of 2,200 different customers have past through our books; some of these coming as far as 100 miles to get their wheat ground into flour, saving them from 75¢ to \$1 on each bag milled! Can you imagine what a saving this mill has been to our customers from year to year? Ever since the mill began to operate, we have kept pace with industry. We have added and improved with new machinery. We can say that we are not lacking in any way to compete with, and give you better and whiter flour than any other mill. Flour that will satisfy one and all of our customers. This year we have the highest grade of wheat for milling, so be sure to get your supply of flour at the mill early. Do not take any chances on flour that comes in from outside; flour made from wheat you know nothing about. When you buy flour from us you know there is a guarantee on every sack that leaves the mill. During our 35 years of milling experience in different countries we have never milled with such good wheat as is to be found in the Vulcan district this year. For this season be sure to put up an ample supply of flour made from this season's excellent wheat. With this flour you know that good bread is assured. It is lots of fun to bake when you know the bread will be good. Good bread is half of our living.

3 bushels and 20 pounds of Wheat
will give you
100 pounds of good Flour

Figure for yourself the great saving you are making—Bring in your wheat for milling—The saving means money in your pocket, plus the fact that you know the quality of the product will be of the best. Take advantage! Act now!

Flour sacks furnished FREE on this basis of trading
Flour stored at the mill FREE of charge

Storage tickets accepted from all elevators except the U. G. G. company

RANCHES HIRE GOPHER CATCHER

Official Operator in Foothills is Joe Ellis; Mows Down 5000 Victims

Both the Nanton News and Lethbridge Herald tell an interesting story of an official gopher catcher—Joe Ellis—who is operating in a business way, on the big ranches of the foothills.

Two of the largest ranches west of town the "A7" and the "Bar S" have secured the services of an official gopher catcher in the person of Joe Ellis. Ellis has a regular trapline from eight to ten miles long, carries a rifle at all times, also a sack for collecting the gophers killed. He uses a bicycle to travel from line to line.

The dead gophers are sold to fox farms who claim they make the very best meat ration possible for foxes. Thus the trapper has two sources of income as he is paid by the ranch owners for destroying the gophers.

Mr. Ellis started his work on June 10 and up till Sept. 1 he has trapped and shot over five thousand gophers. The season for destroying them will soon be over as they are now making their nests, carrying in mouthfuls of grass into their burrows. They only stay out until about one o'clock in the afternoon and are so sleep by that time they can hardly keep their eyes open. By the 15th of this month there will hardly be a gopher to be seen.

HOW TO MAKE RAIN

There have been numerous assorted rainmaking attempts but the Doniphan Herald, crusading journal of this Nebraska community, approaches the necessity from a different angle. In proclaiming "Rain Week" in Doniphan, the Herald listed the following rules:

1. Wash your car.
2. Plan picnics and wear your best clothes.
3. Leave the car, the washing and the baby outdoors at night.
4. Put the bedding, the curtains and the carpets out for airing.
5. Farmers cut your hay, stack it and leave uncovered.—Exchange.

Carbon district reports a bumper crop.

TRADE PROSPECTS FOR WORLD WHEAT

Argentine Smallest in Years; Others Fairly Good; Continuance of Nationalistic Policies

The bullish features of world wheat trade can be thus enumerated:

A North American crop little above the low 1934 yield, with wheat generally of low grade. The United States on a domestic basis with further inroads required into a below-average carryover. The Canadian crop not a great deal larger than last year and probably of much lower quality.

The smallest acreage in years in Argentina with prospect of a moderate crop. If drought continues a very small crop will be harvested. Prospects for an average crop in Australia.

Carryover in Southern Hemisphere of 134 million as compared with 227 million last year on the same date (August 1).

A European crop a little larger than last year with lower yields in large importing countries.

Low level of volume of wheat on passage and supplies in Europe.

The bearish factors are: Little probability of increased world trade due to maintenance of tariffs, quotas and other restrictions in Europe. These have resulted in restricting consumption.

Good crop prospects in Russia and larger exportable surpluses in Danube basin.

Continuance of nationalistic policies in Europe, careful supervision of exchange to prevent money leaving such as Germany, Italy, etc. Combined with this is the desire of all governments to husband the financial resources of each country and balance trade.

Even with under-average crop in Canada supplies will still be huge, the carryover being around 200 million bushels.

Possibility of crop recovery in Argentina and good harvest in Australia.

The Imperial Oil Company has dropped gasoline at the coast 2½ cts. a gallon. The gas is now 27½ cts. to consumers.

"The Duchess of Marlborough had an emu given to her. It was sent to Blenheim Palace, and great interest was taken in it. Eventually it laid an egg. The Duchess was absent from home. The telegram sent to the Duchess by her agent read: "Emu has laid egg. In absence of your Grace, have put goose to sit on it."

LEADING PAINT MANUFACTURERS ANNOUNCE

PRICE REDUCTION

First Quality House Paint

Now

\$3.95

per gallon

(Whites Slightly Higher)

The Quality Remains Exactly The Same. Only The Price Is Changed.

Dating from to-day, the price of first quality house paints manufactured and sold by the undersigned companies is reduced to \$3.95 per gallon.

There has been no change in market conditions or manufacturing costs to justify this step. We feel, however, there is urgent need for action that will make it possible for house-holders to obtain the highest quality paints at the lowest price consistent with strict maintenance of quality.

Thousands of people all over the country have been forced to put off much needed painting. Thousands more have been misled by "bargain" prices into using inferior paint of little or no value. We want to make it easier for you to enjoy the advantages of painting with first quality paint only, and are confident that the generous reduction in price now announced is the best way to accomplish this.

THIS IS OUR CONTRIBUTION TOWARDS NATIONAL RECOVERY

LOCAL NEWS ITEMS

We will take wheat for subscrip-
tions to The Vulcan Advocate. Read
about this offer on the back page of
this issue.This week the business property of
the Vulcan Garage and Machine Shop
is being greatly improved by the
building of a driveway from the
street along the north side of the
building. The lane is being built of
gravel and gives a very neat appear-
ance to the property.Paint dealers in Vulcan, which in-
cludes the hardware stores, the lum-
ber yards, and several others who
sell paint as a side line, will be effec-
ted by the sharp reduction in the price
of first quality house paint to \$3.95
per gallon, as is announced by the
manufacturers of some of Canada's
best-known brands of paint in this
issue of The Advocate. The reduction
in price takes effect immediately.Bill McIntyre of Reid Hill was the
lucky winner of the \$300.00 bond
prize at the conclusion of the Leth-
bridge Elks' carnival on Saturday
evening. He was holder of ticket No.
4093. Mr. McIntyre was not present
to claim the prize, but nevertheless
he will receive this handsome sum by
mail. Vulcan district figures every
once in awhile in the drawing of
prizes and various sweepstakes.
Meetings of the Ladies' Aid groups
of the United Church will be held on
Thursday afternoon at the following
homes: Group No. 1 at the home of
Mrs. (Rev.) P. G. McPherson; group
2 at the home of Mrs. E. G. McPherson;
group 3 at the home of Mrs. A.
J. Kennedy, and group 4 at the home
of Mrs. Roy Gold. Members are re-
quested to attend the meeting of
their respective group.Only one prize was drawn at the
Elks' Kiddie Fund feature at the Vul-
can theatre on Tuesday evening of
last week. This donation was the
smallest of the lot drawn, being the
\$5.00 prize. It went to W. Thomas. If
M. Johnson of Ensign had been pres-
ent he would have received the \$20
donation, and if Mrs. A. J. Kennedy
had been present she would have re-
ceived the \$10.00 donation. Thus \$30
was carried over until this Tuesday
evening's show, and added to the \$19
of that evening for a total of \$49.00.**Minimum Wheat
Price Set at 87½**Acting upon the recommendation
of the Canadian Wheat Board, the
governor-in-council has fixed the
minimum price of No. 1 Northern
wheat at Fort William at 2½ cents
a bushel.Cabinet council approved the price
which will be effective throughout the
current crop year, that is until July
1936.Establishment of the minimum
price is in accordance with the statu-
te adopted at the last session of
Parliament creating the wheat board
and its advisory committee and giv-
ing it power to buy wheat from pro-
ducers at the fixed minimum price, so
that the producer need not dispose
of his wheat at a lower figure.Producers who sell direct to the
board will receive participation
certificates entitling them to
share in any surplus that may arise
from the operations of the board.It is expected that everything will
be ready to function the latter part of
this week. In the meantime farmers
delivering wheat to the board would
take storage tickets to be exchanged
later for cash tickets and participa-
tion certificates.Monday evening was the regular
scheduled meeting night for the Vul-
can School Board to transact business
for the month of September. But the
meeting was postponed indefinitely
due to the lack of attendance of
members. Right now is the busy time
of the year for practically everybody
in this wheat growing community,
and a few of the members of the
board are busy with their farming
operations at the present moment,
thus the postponement of the meeting.
Little business, however, was to be
handled by the board at the time, ac-
cording to A. J. Flood, secretary-
treasurer.**VULCAN THEATRE**
